

The Honest Kitchen has Supplements and Treats too!

Invigor

n. Strength, bright, fresh, revitalize, fortify.

The newest herbal creation from The Honest Kitchen is a supplement of powerful antioxidant and immune enhancing properties. Invigor is designed to combat free radicals, cleanse and revitalize the system for over all health and vitality. Invigor is ideal for aging dogs and cats as well as those with compromised immune systems, or those undertaking vigorous exercise, traveling, or in the show ring.

Invigor is a synergistic blend of six herbs and green foods:

Kelp is a rich source of trace minerals, vitamins and antioxidants as well as Iodine, a mineral that is vital for the proper functioning of the thyroid gland.

Astragalus is a popular herb in Traditional Chinese Medicine for its nurturing properties, immune system boost and support for T-Cell function.

Hawthorne is most popular for its ability to support healthy heart and circulatory function. This herb's flavanoid properties may be useful to help prevent the breakdown of collagen; this is useful for disorders of bones, joints and cartilage (Arthritis, periodontal disease).

Olive Leaf Extract is effective against a multitude of bacterial, viral and fungal diseases and strengthens the immune system. Olives are the foundation of a healthy diet in the Mediterranean where life expectancies are high.

Spirulina is a "Superfood" loaded with antioxidants and a remarkable concentration of nutrients including protein, Beta Carotene, Vitamin B12, Iron & trace minerals. It also contains the fatty acid, GLA.

Watercress is the subject of a number of current cancer studies to investigate its anti-carcinogenic effects. It is a potent source of the antioxidant Vitamins A, C & E. This herb is thought to have natural antibiotic and detoxification effects.

The Honest Kitchen has Supplements and Treats too!

Sparkle

n. Effervesce, vivacity, gleam.

This natural blend of dehydrated herbs provides nutrients that are vital for healthy skin and a lustrous coat. They are chosen for their ability to clean the blood and support liver function. Many skin problems are related to a build up of a variety of toxins in the blood from vaccines, environmental pollution and chemical preservatives in food.

Nettle leaf - nourishes the skin without overloading the digestive system, kidneys or liver

Burdock root - itchy, oily, flaky skin signifies a buildup of toxins which burdock can help eliminate

Rosehips - high in vitamin C

Dandelion leaf - rich in vitamin A,C, K, D & B complex, and is also thought to support the liver

Nutritional yeast - non-active form of yeast that provides B-Complex vitamins, chromium, trace minerals and selenium all of which are important for proper skin function and hair growth.

Perfect Form

n. Pure shape, whole formation.

This natural plant supplement is designed to support healthy digestive function in dogs and cats. Pets with chronic inflammation due to diarrhea, enteritis, colitis and other stomach irritations can benefit from the herb blend of fennel, papain and papaya leaf, pumpkin seed, plaintain, pectin and slippery elm.

Designed to lubricate and soothe the internal mucous membranes of the digestive tract, this combination of herbs will also help to combat gas, facilitate regularity and firm up loose stools.

Invigor, Sparkle and Perfect Form are pure herbal products. They contain no fillers or synthetic ingredients, no added salt, sugar, artificial preservatives, by-products, dairy or grain ingredients. Simply sprinkle on your dog's food.
